Under the Goods and Services Tax Act, there are cases where small procedural lapse which is generally ignored and which is easily rectifiable may lead to big penalties.

Certain small lapses which may lead to big penalties, are generally ignored, even today by many businesses.

The quantum of penalties is really alarming. Penalty for the non-compliance can be costlier than cost for complying the same. Therefore, as a matter of awareness, the lapses which may be rectified easily to avoid paying penalties, are listed down.

Not issuing Proper Invoice	Rs. 25,000	Invoice is the document which contains all details of supply and also an important document based on which ITC is availed. Hence, Invoice is given utmost importance in GST, rather any indirect tax law. So, all details as mentioned in rules need to be mentioned on the Invoice.

<p>Paying CGST instead of IGST/SGST Paying SGST instead of CGST/IGST Paying IGST instead of CGST/SGST</p>	<p>Pay Tax under correct head with no interest and claim refund of tax paid under wrong head.</p>	<p>CGST & SGST is payable for intra-state supplies and IGST for inter-state supplies. Taxes paid under respective heads are transferred to respective governments. For Example, taxes paid under SGST head is transferred to respective state government determined based on place of supply. So, Tax paid under wrong heads leads to transfer of tax to that respective government which leads to wrong accounting. Hence, under GST, paying tax under correct heads is important and hence, the penalty. However, GST portal is now generating challan automatically after entering data in GSTR 3B. Chance of making this mistake is reduced to great extent.</p>
<p>Not filing GSTR 3B on or before 20th of next month</p>	<p>Rs. 20 (Rs. 10 SGST + Rs. 10 CGST) per day of delay in case of NIL returns.</p>	<p>Timely Compliance is key to success of GST return process and matching. Hence, to encourage timely compliance, this penalty.</p>
<p>Not filing GSTR 1 on or before due date (penalty not yet auto-reflected in system)</p>	<p>In other cases, Rs. 50 (Rs. 25 CGST + Rs. 25 SGST) per day of delay</p>	
<p>Not obtaining registration within 30 days of date on which he is liable to get registered</p>	<p>Rs. 10,000 + ITC during the period of delay is lost</p>	<p>Section 22 of CGST Act 2017 mandates every person to register if the aggregate turnover exceeds Rs. 20 Lakhs. Every registered person needs to pay tax and file returns. Hence, registration is an important aspect in GST. Non-registration even though he is liable or takes registration late are both wrong doings.</p>
<p>Invoice without supply</p>	<p>Rs. 10,000 or 100% of tax evaded, whichever is higher</p>	<p>This situation may lead to availment of higher ITC without actually selling goods.</p>
<p>Supply without Invoice (Non-Issuance of Invoice)</p>	<p>Rs. 10,000 or 100% of tax evaded, whichever is higher</p>	<p>This situation may lead to supply without recording it and also the buyer may lose ITC since he doesn't possess proper invoice.</p>
<p>Collects GST but doesn't pay to Government within 3 months from due date</p>	<p>Rs. 10,000 or 100% of tax evaded, whichever is higher</p>	<p>In indirect taxes, the tax is collected from the consumer and paid to Government. It is not an expense to the supplier. So, whenever tax is collected from a third party on behalf of Government and the same is not paid leads to misappropriation of public money.</p>
<p>General Penalty</p>	<p>Upto Rs. 25,000</p>	<p>If any of the provisions are defaulted and nowhere penalty is specified, this general penalty provision may be resorted to.</p>

All the above mentioned defaults are easily rectifiable with minimal time and minimum effort. Hence, all are requested to see that the simple provisions are being complied and avoid big penalties.
